HPSCI
103*

The attached brochure outlining the Exceptional Intelligence Analyst Program should answer your questions. As I mentioned, I believe sixteen awards are being made this year across the Community (including one for a Library of Congress analyst). Since the costs span fiscal years, the budget impact varies. The FY 1983 costs of [] are down from FY 1982. The FY 1983 cost of [] results from residual costs of [] from the 1981 class, [] from the 1982 class, and first-year costs of [] for the 1983 class. The FY 1984 budget request is for [] to cover similar costs.
